

Vision Services

Affinity Health Plan provides comprehensive vision care through the Block Vision network.

- The benefits include routine eye exams, new glasses, eyeglass repair, glaucoma and retinopathy screening.
- Members under 19 years old may have a routine eye examination and new glasses every year, or more often if deemed medically necessary (diabetes, glaucoma, etc).
- Members 19 years and older may have a routine eye examination and new glasses every other year or more often if deemed medically necessary (diabetes, glaucoma, etc).
- Services by an optometrist do not require a referral from a Primary Care Provider. Services by an ophthalmologist require a PCP referral.
- Participating Block Vision Optometrists are listed in the Affinity Health Plan Provider Directory or www.blockvision.com
- Block Vision can be reached at 800-879-6901.
